T. N. WILSON.

The steamboat inspectors were in the city last week.

The High Sheriff helps us edit the Journal this week.

The new order, the Forrester's, has forty-three members.

The Alex. Chambers and Billy Parsons are lying here being repaired.

SAMUEL S. SIMON and JOHN T. HAMPTON were admitted to the bar, at Pomeroy, last week.

The steamer West Virginia came out on Monday with Capt. W. O. MARTIN on the roof.

A COURT of Forrester's was organized at Chambersburg, on Thursday evening, with Mr. HENRY CARTER as Chief Ranger.

AEOLIAN Musical Entertainment, Feb. 22d.

We experienced the road between Addison and Cheshire, last week. We were not MONROE'S bill pending. We would be persuaded to be profane.

MR. ISAAC ROWLEY has received the appointment of Postmaster at Pine Grove, in place of Mr. H. C. SUMMERS resigned. Mr. ROWLEY will make a good officer.

MR. W. F. BUTLER, of Vinton, shipped a number of fine cattle on the Andes, Wednesday evening.

DON'T FORGET the Musical Entertainment, Feb. 22d.

THE Temperance Lodge at this place is, we understand, doing a good work.

MR. HENRY MENAGER, whose mysterious disappearance from New York City we noticed a few weeks since, has turned up at Selma, Alabama, all right.

AEOLIAN CLUB, Aleshire Hall, Feb. 22d.

The birds succeeded in getting a piece of iron, and were trying to get out of jail, Wednesday afternoon, when Sheriff Stuart came down on them, and they subsided.

They had a little jamboree down in "the alley," Saturday night. A married lady went after her husband, and brought him away too, but not until she had disorganized the furniture and put a bloody mug upon that combination of calico and consumption.

MESSRS. MULLINEX, LAWSON & Co. will commence work on the new college boarding house, at Rio Grande, this week. The contract is nearly as large as the original college contract. They are a push-ahead, business firm.

Musical Entertainment, AEOLIAN CLUB, Feb. 22d.

It will be seen by announcement elsewhere, that Rev. D. H. Moore, of Cincinnati, one of the most gifted divines in Ohio, is to dedicate the new M. E. Church at Crown City, February 6th. He deserves a large audience.

We would suggest to the County Commissioners that they look after two things of public interest at once, viz:—Fixing that place in the road nearly opposite Point Pleasant, and putting a night guard over the county safe. The former is extremely dangerous, and needs immediate attention, while the large sum of money in the safe must have a night watch, lest thieves break through and steal.

Dramas, Farces and Music, ALESQUIRE HALL, Feb. 22d.

MR. JAMES W. WOMELDOREY, of Green township, sold two hogs recently, ten months old, whose average weight was 363 pounds. That is making pork right fast.

THANKS to Mr. HIRSH DALE for a package of Texas papers. We understand Mr. DALE is pleased with location and prospects.

The Musical Soiree.

Last week the most elegant cards of invitation ever seen in this city, were sent out by Mr. D. S. JOHNSON, the enterprising Piano man of Portsmouth, to attend a Musical Soiree at the Lotus Club Room. Being among the favored, we repaired thither on Wednesday evening, and found about one hundred of the elite of our city present. After a handsome little speech, Mr. JOHNSON introduced to the audience Mr. L. E. LAVASSOR, a very popular pianist of Cincinnati. Although expecting something fine, we were not quite prepared to hear such delightful music as he brought from the piano at intervals for the space of nearly two hours. It was certainly much superior to anything ever heard in our city, and Mr. LAVASSOR as a pianist may justly be classed with those called celebrated.

Miss KATE CAREL and Mr. LOUIS BAEK, of the Aeolian Club, contributed some very fine vocal music, and thus added largely to the interest of the entertainment.

The magnificent DECKER BROTHERS' Piano contributed to the enjoyment of the occasion. It seemed to be a pent up fountain of celestial harmonies, which only waited the touch of a master hand to break forth in streams of endless delight. For immense power, brilliancy and exquisite beauty of tone we have never heard its equal. We hope these gentlemen may favor us again.

The Ward Question.

The City Council have for several meetings been endeavoring their intellects over the question of Ward boundaries, made necessary by the annexation of new territory to the city. There are two propositions before the Council: one for the enlargement of present Wards, retaining the same number, and the other for the creation of a new Ward. We see no necessity for an additional Ward. It would be an expense without benefit, and in these times of high taxes, economy, in the smallest particular, should rule the action of the Council.

Let the first Ward remain as it is, with the extension of the northern line to meet the new boundaries; enlarge the second Ward by the extension northward of a square or two, and the residue to constitute the third Ward, lines in all cases running in a straight line to the western boundary of the city. It seems to us that this plan would meet public convenience, and at the same time entail no additional expense.

It has been hinted that there is a personal and perhaps a political purpose in one of the plans for the adjustment of this question, and to that end that a system of gerrymandering will be attempted. How that we do not pretend to know. We hope it has no foundation. The Municipal Code, concerning the laying off of Wards, says:

They shall be composed of adjacent and compact territory, and shall contain as nearly an equal number of inhabitants as may be practicable. The idea of adjacent and compact territory, with that other equally important one, economy, should govern the action of Council upon this question. All other considerations are unworthy of thought.

R. R. ELECTION.—On Wednesday, of last week, the Gallipolis, M. & C. R. R. Co. held its annual election for directors. The following gentlemen were elected by the following votes:

Thos. B. Bancroft	2401 votes
Wm. H. Eagle	2401 "
Jno. J. Cadot	2401 "
Lewis Muenz	2398 "
Dan. Will	2397 "
Wm. H. Langley	2393 "
Jas. M. Kerr	2374 "

The only change in the Directory from the last election is the substitution of Mr. WILL for Mr. CORNELIUS KERRS.

On Monday the Directory elected the following officers: President, W. H. LANGLEY; Vice-President, Wm. H. EAGLE; Secretary, Jno. J. CADOT; Treasurer, EDWARD DELTON; with the National Bank of McArthur for assistant Treasurer. The officers were sworn in by C. W. WHITE, Esq., and entered upon their duties.

THIEVES ABOUT.—On Thursday night thieves attempted an entrance by the rear door into the dry goods store of Mr. F. M. HOLLOWAY, on Second street. They first tried to get in by wrenching off the window blind, but failing in this, they pried open the door. Just as the course was open to them for an entrance, the soundless heard something "drap," and they decamped without securing any plunder or inquiring the cause of the noise. Lucky thieves.

OFFICERS for the Gas Company were elected on Thursday evening. The Board of Directors remains the same as last year, the only change being that of Mr. Wm. SHORER, as Treasurer, in place of Dr. NEDHAM, the latter remaining a Director.

CHAS. RATEKIN and GEORGE SARTON were sent to jail last week from Springfield township, by Judge IAW, for burglarizing a tobacco house. They now chew the cud of reflection.

The annual report of State School Commissioner SMART is spoken of as the largest and most exhaustive document of its kind ever written. He recommends the creation of the office of County Supervisor, and suggests many proper reforms.

1876.

Fourth of July—How Shall it be Celebrated.

The Centennial Anniversary of the Declaration of American Independence should, and no doubt will be, an occasion of more than ordinary interest. It seems fit that local celebrations of the Fourth of July, 1876, should be held throughout the land, and that these celebrations should be of a character to fully and adequately mark the wonderful progress made by the Nation, and particularly of the locality in which such celebrations are held, in the essential elements of American civilization and material advancement.

Gallipolis and Gallia county should prepare for a representative celebration of this character. Let an early movement be made; let it include every Sunday school organization, every benevolent and social Order, a representation of arts, manufactures, trades, and such other features as may suggest themselves to a display of a full development of our social and material growth, and it may be made an unique, profitable and enjoyable affair, worthy of the day and year it is intended to commemorate.

As a part of the arrangements, provision should be made as already suggested, for the delivery of an address tracing the history of this community from the time of its settlement in 1790, including a sketch of its growth, its resources, industries, prospects, etc. Such an address would constitute an invaluable historical repository, and be of great advantage in the further advancement of city and county.

These suggestions are thrown out thus early that full time may be had for both consideration and action. To make the thing a success it must have the sanction and the assistance of the whole people. Shall it be undertaken?

The hand of the good-hearted villain, the worse than fiend, has again been laid upon us. Our faithful field and office companion for the past four years, the general favorite, the bold, dashing, true, yet kind and noble "Ron-Roy," has joined the innumerable host by the hands of the common thief and assassin who has been engaged in his hellish work of stealing poison upon our streets and in private yards. We gave "Ron" honorable burial, a consideration that will be denied this son of Borgia.

The Supreme Court, last week, sustained the decision of the District Court in the HAMM—WICKLINE case which went up from this county several years ago.

The Dry Dock is a determined matter. The capital stock has been received and a charter applied for. To Mr. B. T. ENOS are we indebted for this important improvement. His zeal, energy and perseverance worked the project through. The public spirit of such a man is invaluable to a town.

GOVERNOR HAYES has appointed Josiah Scott, of Crawford; Richard A. Harrison, of Franklin; William W. Johnson, of Lawrence; Henry C. Whitman and D. Thew Wright, of Hamilton county, to be members of the Supreme Court Commission.

Any Gallia county Republican who desires an office outside of those conferred by the county, should emigrate to one of the neighboring counties. His chances of success would be greatly augmented thereby.

Probate Court.

Judge KERR furnishes us the following statement of the business of the Probate Court for the past week, to-wit: MARRIAGE LICENSES.

Wm. B. Kerr and Elizabeth J. Walter. Wm. F. Prose and Renanda O. Dillon. George Martin and Lydia J. Lasky. William Hudson and Mary L. Foster.

OTHER MATTERS.

Chauncey M. Holcomb, Administrator of the estate of William F. White, deceased, filed an inventory and appraisal of the personal property of said deceased.

F. A. Guthrie, guardian of Samuel P. Sigmond, minor heir of Hugh Singleton, deceased, filed his final account.

Transfers of Real Estate. Recorder BOONER reports the following transfers of Real Estate since our last report:

Hendricks Tp.—Samuel Walker to Homer Atkinson, part of lot No. 8, in Vinton; \$400. Homer Atkinson to Abraham Mott, same property; \$250.

Religious.

The Meigs Free Will Baptist Quarterly meeting held its last session with 1st Kyger Church commencing Dec. 3d and closing Dec. 5th, A. D. 1875. A full delegation present. The meetings were attended with interest; the members showed a desire to see the cause of Christ revived and prosper. The interest of the meeting was much increased by the presence and labors of Prof. R. Dunn, of Hillsdale, and I. Z. Hanning, from Athens Quarterly meeting; Prof. Dunn preaching Sabbath and Sabbath evening to a large audience of attentive hearers. This Quarterly meeting was organized in Orange township, Meigs Co., Ohio, in the year 1832. Having maintained all its meetings since being led by the Divine Spirit, its borders have been greatly enlarged. It is composed of twelve churches, which are located in Meigs, Gallia, and Athens counties, numbering in all over one thousand members. The next session will be held with Chesley Church the first Friday, Saturday and Sunday in March, A. D. 1876. W. J. FULTON, Clerk.

EDITOR JOURNAL.—The membership of Hope Court No. 7, Independent Order of Foresters, desire through their Committee and your paper, to express to the Mason City, Clifton, New Haven, Syracuse and Middleport Comrs, and to Rev. Wm. Raybold, our thanks to the brethren for favoring us with their presence on the evening of the installation of our officers and for their efficient aid. It is with pleasure that we extend to them, a cordial invitation to visit us as often as they can, and trust that we may all live long to enjoy together our noble Order may continue to lengthen its borders, and strengthen its stakes, and the time be not far distant when it shall be in the foremost rank of benevolent organizations, and its name and principles shall be respected by all.

E. B. STRAUSS, W. R. GUTHRIE, Committee.

Notice.

The Rev. D. H. Moore, D. D., of Cincinnati, will dedicate the Methodist Episcopal Church at Crown City, Feb. 6th, 1876.

Dr. Moore is one of the finest speakers in Ohio, and all who attend will be richly repaid for coming. The Crown City homes will be thrown open to all friends.

P. R. DAVIS, Pastor.

The officers and members of Gallia Grange No. 98 P. M. will take notice that the time for holding meetings of said Grange has been changed to the first and third Saturdays in each month at one o'clock P. M. in place of Friday.

W. L. JAMES, Master.

Safe and Sure.—Almost every hour brings in fresh testimonials of more and more Consumptive Invalids who have been cured (after years of torture) by using WHEATLEY'S PINK TONIC TARTARIC, which contains no Poison! A purgative Vegetable Extract, thoroughly removing from the Blood all Taints and Humors!

Neighborhood News.

Wm. Swisher purchased, last week, six hogs of McCoy Ralston, of Cheshire, that averaged 399 1-6 pounds each; six of James and Wm. Kaler, 326 1-2 pounds; and one of Isaiah Coughenour, 422 pounds.—Middleport News.

Mr. E. R. Green and family left last Wednesday for Zanesville, Ohio, to attend the wedding of their son Capt. Chas. Green, who married one of Zanesville's most accomplished daughters.—Portsmouth Republican.

Prof. Adney, of Washington and Jefferson College, Pa., recently delivered a lecture on botany, in Beverly, referring to that a correspondent of the Marietta Register says: "It was instructive and entertaining in the highest degree. He uses a scripton during the lecture to illustrate the subject which makes the finest pictures of the kind we have ever seen, and adds much to the evening's entertainment."

The death knell has sounded again, and another matrimonial affair took place here on New Year's evening. The victims this time are George B. Hayes and Alice Lucas. I have always heard it said, that it takes hard times to make parties stick close together. Now I believe it. George and Alice make a fine appearance and created quite a sensation, and no doubt had a "Happy New Year."

Correspondent Vinton County Recorder.

It sounds strangely to hear of trains snow bound on the Pacific Railroad. In the lumber districts of Wisconsin and Michigan, lumbermen are going to bankruptcy for lack of snow upon which to haul their logs. We have already heard of the discovery of the New York Times that the month of January, 1776, closely resembled this centennial winter in the midst of the weather. Boston harbor being entirely free of ice. We may point out, however, that the warm weather ended before February was over. On the 22d the ice was sufficiently thick to bear our troops with safety, and General Washington on the anniversary of his birth, held a council of war, strongly urging an attack upon the city. He was overruled, however, and was forced to write Congress that the unanimous opinion of his Generals was in favor of delay. So, if this winter is to be a copy of that a hundred years ago, we shall have enough cold weather yet.—Cia. Times.

MARRIED.

BUNDY—MILLER—On Thursday, Jan. 26th, 1876, in Newport, Ky., at the residence of the bride's cousin, by Rev. T. S. Cowden, Hon. H. S. Bundy and Miss Mary M. Miller, both of Jackson county, Ohio.

DIED.

BARNETT.—At the residence of his mother, in Louisville, Ky., of lockjaw, JAMES CALVIN BARNETT, aged 29 years, and his mother, and the deceased was a nephew of Mr. William Rust, of this city.

TRY IT!

HARRIS' EXPECTORANT.—The Great Remedy for Coughs, Colds, Consumption, and all Diseases of the Throat and Lungs. Will cure, and often when apparently hopeless. We do not mean to say, that when the Lungs are destroyed any medicine can create them anew. But we do say, that if a person has a Violent Cough, Night Sweats, Crowing Chills, is confined to bed, a cure may be effected. One bottle may not complete the work, but if the patient continues the use of the EXpectorant, taking it regularly, relief will soon be obtained, and a Cure made.

HARRIS' EXPECTORANT IS PURELY VEGETABLE, Safe and pleasant to take. And its extraordinary virtues make it the Best Medicine for Pulmonary Complaints extant. Try it! PRICE 50 CENTS. Sold by all Druggists.

What General Hefseyman Says: J. B. DANIEL & Co.—TRENTON, N. J. Dear Sirs:—I have used HARRIS' EXPECTORANT in my family for 30 years, and having the experience of knowing its great merits, do gladly recommend it to all sufferers with the distressing complaints, for which it is intended.

Cross and sickly children can be made healthy and strong by regulating their stomachs and bowels with Castoria. It is more effective than Castor Oil and is pleasant to take as honey. For Wind Colic, Sour Stomach, Worms and Constiveness, there is nothing in existence equal to Castoria.

Why will you suffer from Rheumatism, Sprains, Stiff joints, Swellings, Burns, Scalds or Weak Back, when the Centaur Liniment affords certain relief. Many articles soothe pain to a certain extent, but the Centaur Liniment cures. The White Liniment is for the human family, the Yellow Liniment is for horses and animals.

Centaur Liniments.

So nearly perfect are the recipes of these wonderful pain-soothing and healing Centaur Liniments, that we can confidently say they will alleviate any pain arising from flesh, bone or muscle derangements. We do not pretend that they will mend a broken leg or exterminate boils, but even in such cases they will reduce the inflammation and stop the pain. Now can we guarantee the proper results where the body is poisoned by whisky. Temperance is as necessary to a proper physical, as mental condition.

THE WHITE CENTAUR LINIMENT is particularly adapted to all cases of Rheumatism, Lumbago, Neuralgia, Erysipelas, Itch, Sprains, Chillsbills, Cuts, Bruises, Stings, Poison, Scalds, Scabies, Weak Back, Pains in the side, Wounds, Weeping Sores, Burns, Frost-bitten Feet, Etc., Etc. Safe and pleasant to take. And its extraordinary virtues make it the Best Medicine for Pulmonary Complaints extant. Try it! PRICE 50 CENTS. Sold by all Druggists.

My wife has, for a long time, been a terrible sufferer from Rheumatism. She has tried many remedies, and has been unable to get any relief. I have given her relief in Centaur Liniment. I am rejoiced to say this has cured her.

W. H. RING, Postmaster. It is an indisputable fact that the Centaur Liniments are performing cures never before effected by any preparation in existence. Like Chronic Rheumatism of thirty years' standing, straightening fingers and joints which had been stiff for six years, taking the soreness from burns.

One dollar, or even fifty cents, invested in Centaur Liniment will be within reach when an accident occurs, and will reward them ten times the amount of money paid for medical attendance. When physicians are called they frequently use this Liniment, and of course charge several prices for it.

The Yellow Centaur Liniment is adapted to the tough skin, muscles and flesh of the animal creation. Its effects upon severe cases of Spavin, Sweeney, Wind-Gall, Big-Head and Poll-Evil, are little less than marvelous.

Messrs. J. McCure & Co., Druggists, Cor. Elm and Front Sts., Cincinnati, O., say:

"In our neighborhood a number of teamsters are using the Centaur Liniment for the settlement of, and the relief of anything they have ever used. We sell as high as four to five dozen bottles per month to owners of horses and mules."

We have volumes of testimonials showing cures of Sprains, Kicks, Galls, Poll-Evil, Big-Head, and even Founders, which are little less than marvels. No owner of an animal can afford to be without a bottle of Centaur Liniment, which any day may prove worth twenty times its cost.

Sold everywhere, but prepared only at the Laboratory of J. B. Rose & Co., 46 Dey St., New York.

castoria.

Cross, sickly babies and children may enjoy health and mothers have next, if they will use Castoria. Worms, feverishness, teething, wind colic, sour stomach and unwholesome food make children cross, and produce sickness.

Castoria will assimilate the food, expel worms, and correct all these things. For twenty years Dr. PITCHER prepared it in his private practice to produce an effective Cathartic and stomach regulator which would be effective as Castor Oil, without its unpleasant taste or results.

The reputation of his experience extended. Physicians and nurses rapidly adopted his remedy, to which he gave the name of Castoria.

Castoria is as pleasant to take as honey, regulates the stomach and bowels, and does not gripe. It is adapted to all ages, contains no alcohol, and is absolutely harmless to the most tender infant.

Try Castoria once and you will never be without it.
